Submitted with reference.

The University recommended the appointment of Mr L. Rama Rao as acting professor with an allowance of Rs 80/- p.m. A further reference re. the consequential arrangements in the Geology dept of the Central College was also promised. In the mean time Dr Metcalfe was asked to state whether it would not be sufficient if Mr Rama Rao was merely placed in charge of the dept. No reply has been received so far.

The proposal now received from the University is in regard to the appointment of Mr K. Sripada Rao as acting lecturer on Rs 150/- p.m.

MYSORE GEOLOGICAL DEPARTMENT,

No. 3198. Encl. one.

Bangalore, 4th May 1931.

GEN. & REV. SECRETARIAT. 5 MAY 1931 DEVELOPMENT BRANCH.

FROM

P. SAMPAT IYENGAR, ESQ., M.A.,
Director of Geology in Mysore,
Bangalore.

To

The Secretary to the Government of His Highness the Maharaja of Mysore, Development Departments, Bangalore.

SIR,

I beg to submit that I have been advised by the doctors to take complete rest for some months; otherwise they say I am likely to break down in health. My present condition is weak and I feel a sense of exhaustion after a hard day's work. As such, in order to recoup my health, I require some long leave. I have the honour therefore to request Government to grant me six months combined leave - one month and ten days of which to be on privilege leave and the rest furlough on full average salary under Mysore Service Regulation, article 209 A, V. The leave asked for is to my credit, vide Comptroller's office D.O. No.420/GAD attached herewith. If permitted I would like to avail myself of the leave from the 15th June 1931, after I get through the little piece of scientific investigation work that I have now on hand.

During the period I will be on leave, I recommend the following acting arrangements in the Mysore Geological Department:- Mr. A.M.Sen, M.Sc., Deputy Director to be officiating Director of Geology and Mr.B. Balaji Rao, B.A., Assistant Geologist to be officiating Deputy Director of Geology. As on the previous occasion, when the latter officiated, his allowance may be fixed at Rs.100/- per mensem. In addition to this, ~~the latter~~ he should also continue to be Superintendent of Chrome Mines for

for

which he will be getting the usual Rs.50/- from the Chrome funds.

As regards the arrangement in the Central College, I recommend Mr. L.Rama Rao, M.A., Assistant Professor of Geology to be officiating Professor of Geology with an allowance of Rs.100/- per mensem. Provision in the University Budget for 1931-32 has been made for an additional Lecturer in Geology to get through the Central College work in the Honours classes and this will suffice. With the proper distribution of work amongst the Geology staff of both the Central and the Intermediate College, Bangalore, it will be possible to carry on tuition work satisfactorily during my absence on leave. Mr. L. Rama Rao is capable of effecting the necessary adjustments.

Soliciting early favourable orders.

I have the honour to be,

Sir,

Your most obedient servant.

MYSORE,

Dated ..... 193 .

Dear Mr. Ranga Rao,

In reply to your letter No.278/C.B. dated the 11th July 1931

It is certainly necessary to designate Mr. L.Rama Rao as Acting Professor of Geology, in order that this department may be adequately headed and represented : and also in simple justice to him.

There can be no question of Mr. Rama Rao's worthiness to act as Professor. He has had an excellent academic career, and a considerable experience as a teacher : and he possesses a good statu among Indian Geologists.

He was a first class B.A. of the Madras University in 1917 winning the University Prize for Geology. He took a good second class at M.A. He has been a member of the Board of Studies in Geology in the Madras University since 1929. He has delivered a course of University Lectures in Madras. He is a Fellow of the Geological Society of London. He has published fourteen original papers between 1923 and 1931. He has been in charge of the routine administrative work of the Geology Department in the Central College ever since Prof. Sampathaiengar was appointed Director-Professor.

His qualifications and responsibilities are on quite a different level from those of the other member of the staff whom you mention.

Yours sincerely,

Dear Sir,

As desired in your D.O.No.456/C.B.97-30, dated the 20th July 1931, I am desired to forward herewith a copy of a note by Mr. P.Sampat Iyengar, Professor of Geology, as regards the relative qualifications of Messrs. T.V.Subbaraya Mudaliar and K.Sripada Rao.

In the circumstances, I am to request that the recommendation of the Council in the matter may kindly be sanctioned.

Letter dated the 30th July 1931 from Mr. P.Sampat Iyengar, M.A., Professor of Geology, to the Registrar, Mysore University.

Ref. Your D.O. of 27th instant with its enclosure the Confidential D.O. No.456/C.B.97-30 dated 20th July 31 from the General Secretary to Government.

With reference to the above letter I write to say that th qualifications of Mr. K.Sripada Rao is by far superior to those of Mr. T.V.Subbaraya Mudaliar. The latter passed the B.Sc. Geology in the III class in 1921 after failing once in this optional group. Subsequently I understand he was appointed Asst. Master in Novr.1923 to teach the subject of Chemistry in the Collegiate High School. This he continued to do till 1927 when he was asked to handle the Junior Intermediate class in Geology. He came under my control as Demonstrator in the Central College in July 1928, when the University took charge of the Intermediate Colleges. I have been able therefore to judge of his knowledge of the subject of Geology and of his work therein.these 3 years; and my honest opinion is that he is not of the type that we are accustomed to appoint in the Universitv for a Lecturer's post. I find him unfit to handle the advanced portions in the B.Sc. Hons. classes. Moreover he has not evinced any aptitude for research.

As for Mr. K.Sripada Rao, he is a I class B.Sc. in Geology (1928). He too has been under my observation as Demonstrator for 3 years. Through constant application, he has enlarged his knowledge of the subject and I find him quite fit to take up the Lecturer's work in the B.Sc. Hons. classes. Further he has contributed valuable papers to the Indian Science Congress and the Mysore Univ. Journal. I consider him well qualified to be appointed ag. Lecturer.

In all such appointments I am of opinion that mere seniority should not count for much. The University should

look to the efficient working of the colleges and therefore should promote the deserving.

(The D.O. of General Secretary is returned herewith).
